

# Abstract Template

**Title, author and date of the evaluation report:** Support Project to the Northern Areas Conservation Strategy, Mid

- 3) Learning mechanisms: Has NACS been able to draw lessons from previous experience (National Conservation Strategy, Sahrud Provincial Conservation Strategy, Balochistan Conservation Strategy) and translate them into winning approaches?
- 4) Processes and institutional mechanisms: What is the effectiveness of public consultation mechanisms and of communication among stakeholders?
- 5) Management issues:

5) Management issues: A progress shift from activities monitoring to more result oriented and on concrete indicators based monitoring would considerably increase the transparency of the process and the commitment of all stakeholders.

**Language of the evaluation:** English

**Available from:** IUCN Pakistan Country Office, IUCN headquarters.
