**Agree (planned all along)**

**Identify and secure investment for the business cases**

**As per the project document and the summary table on the process of the project, the business case is followed by an investment analysis to identify public and private sources of funding (30/06/2024)**

**Conceptual thinking stated**

**Opportunities exist at an international level to leverage donor funds in support of partnerships with private sector bodies, which would significantly increase the chance of leveraging new and additional corporate financing**
