*The Aichi targets were designed as interim targets to halt biodiversity loss and to be implemented by 2020. They are interim targets and do not represent what is actually required for humanity to live in sustainable harmony with nature. Aichi Target 11 moved us beyond simple number targets to important consideration of protected area quality. We now have to move beyond the Aichi Targets to nature based targets and there was much discussion and research presented on what thity*

## WCPA Beyond Aichi Task Force Governance

### Composition and Structure of the Task Force

The Task Force is a creation of IUCN's World Commission on Protected Areas, and as such, is responsible to the Chair of the Commission. Given the scope of the topic, the Task Force will seek collaboration with other IUCN commissions, notably the Species Survival Commission, as well as the IUCN Secretariat with a view to creating ~~Species~~ ~~Species~~
