### MPA Program(s) Description or Highlights:

- 45 years since Marine Park established and 41 years since the joint management between the Australian and Queensland governments

### Key Program Challenges/Priorities:

- Reef resilience for a changed and changing Reef
- Implementing the Reef 2050 Plan; GBR Blueprint for Resilience and delivering adaptive management in response to the Outlook Report 2019
- Transforming policy, planning and our regulatory approach
- Doubling in field operating capacity to expand our in park presence
- Actions to assist post COVID 19 recovery for communities and industries
- Reef2050 Integrated Monitoring and Reporting Program
