Mission statement

The IUCN SSC Iguana Specialist Group is a community of experts and enthusiasts who work together to advance the conservation of iguanas and their habitats. We provide a platform for sharing information, resources, and expertise, and we work to influence policy and practice to ensure the long-term survival of these remarkable reptiles.

T-010 Develop rapid response protocol for hurricanes.

1. Review existing protocols for hurricane response and identify gaps.
2. Develop a rapid response protocol that includes:
a. Identification of critical resources and personnel.
b. Communication plan for emergency situations.
c. Procedures for evacuation and sheltering.
d. Procedures for damage assessment and recovery.

ACT

Conservation actions

T-011 Execute actions outlined in the action plans.

1. Implement the conservation actions outlined in the action plans.
2. Monitor the progress of the actions and report on the results.
3. Evaluate the effectiveness of the actions and make adjustments as needed.

T-012 Conserve and manage threatened iguanas prior to action plan development.

1. Conduct a survey to determine the distribution and abundance of threatened iguanas.
2. Implement *in situ* conservation measures to protect the iguanas.
3. Develop a management plan for the iguanas, including:
a. Identification of critical habitats and resources.
b. Procedures for monitoring and reporting.
c. Procedures for research and education.
4. Implement the management plan for the iguanas, including:
a. Protection of critical habitats and resources.
b. Monitoring and reporting on the status of the iguanas.
c. Research and education on the iguanas.
5. Implement the management plan for the iguanas, including:
a. Protection of critical habitats and resources.
b. Monitoring and reporting on the status of the iguanas.
c. Research and education on the iguanas.
6. Implement the management plan for the iguanas, including:
a. Protection of critical habitats and resources.
b. Monitoring and reporting on the status of the iguanas.
c. Research and education on the iguanas.
