strategies updated: 0

Result description: Members of the Tapir
Specialist Group are currently compiling all
available action plans (global species plans
and national plans).

NE K

Cp

-004

(KSR 2)

Number of people trained in conservation
planning: 5
Result description: The TSG is currently
resuming the activities of the TSG
Fellowship after the COVID-19 pandemic.

-005

(KSR 2)

Number of people trained in conservation
action: 0

Result description: The Tapir Tracks edu-
cation curriculum is currently being applied
in Brazil and Honduras. In addition, it
has been used by several zoo education
departments.

012

-006

(KSR 2)

TSG members involved: Ongoing.

Result description: We have not been able
to develop a new TSG Strategic Plan since
the last Tapir Symposium in Houston in
2017. We were supposed to develop a new
plan in 2020, during a Tapir Symposium
that was planned to be held in Colombia.
The symposium did not take place due to
the pandemic. We are now in the planning
process for the 8th International Tapir
Symposium that will be held in Campo
Grande, Mato Grosso do Sul, Brazil, in July
7-12, 2024.
