

Mission statement

The Galliformes Specialist Group is committed to the worldwide conservation and sustainable management of all native populations of Galliformes species and their habitats.

Projected impact for 2021-2025

Continue to support individual members in developing conservation research, planning and implementation.

Targets for 2021-2025**ASSESS**

T-007 Support and participate in Red List reassessment efforts for relevant species of Galliformes.

Status: On track

PLAN

T-002 Prepare 10 new regional or national plans.

Status: On track

ACT

T-003 Implement on the ground 10 planned conservation projects.

Status: On track

NETWORK

T-001 Fifty new members enlisted in the Specialist Group.

Status: On track

T-004 Secure and continue to cultivate at least one beneficial partnership that supports better conservation outcomes for Galliformes.

Status: On track

COMMUNICATE

T-006 Organise at least two annual public presentations to communicate the conservation work of the IUCN SSC Galliformes Specialist Group.

Status: On track

Result description: Conservation planning for one particular species (*Catreus wallichii*)

Activities and events for 2023**ASSESS****Red List**

T-007 Support and participate in Red List reassessment efforts for relevant species of Galliformes. (KSR 6)

Number of global Red List reassessments completed: 7

Result description: The Galliformes SG membership supported and contributed to the reassessment process for relevant Galliformes species by the IUCN SSC Bird RLA - BirdLife International.

PLAN**Planning**

T-002 Prepare 10 new regional or national plans. (KSR 8)

Number of species conservation plans/strategies developed: 1

target of a 50% increase by the end of the quadrennium. The whole geographic scope within which the membership falls is divided into regions and regional leadership is being used – wherever found – to manage the affairs of the GSG. We are also in the process of signing an MoU with the World Pheasant Association which will help us reach out to a larger membership besides bringing in a different expertise into the group. The partnership will also allow us to participate in more field projects and bring in more scientific rigour.
