

How stakeholders see effective engagement

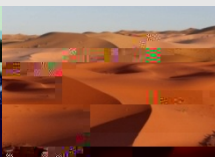

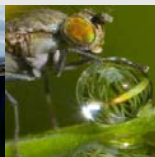

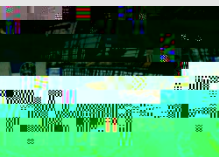

Pierre Commenville

Side Event IPBES-2, 9 December 2013
Antalya, Turkey

Stakeholder consultation before IPBES-2

- Convened by IPBES Secretariat
- Opportunity for observers to learn about the Platform and prepare their participation in the plenary session
- Discussions with panellists, IPBES Secretariat and representatives of the MEP and of the Bureau touched on

Documenting & communicating incentives Dsses

Work programme's Objectives 2 and 3

Stakeholder identification

Inclusion of different types of knowledge

Regional nodes

Scoping process

Support IPBES national focal points

Design tools and processes

Other considerations

- An open Forum to:
 - Facilitate contributions of stakeholders to all relevant processes (nominations, scoping of reports, submission of knowledge, partnerships)
 - Give access by the Platform (MEP, Bureau, EG, TFs) to relevant stakeholders for partnering with them
- Implementation of the strategy should start with the adoption of the work programme
- Organisations present at this meeting express their readiness for implementing the SES
